RECHARGE. REVIVE. REMINISCE. THRIVE.

DODECA welcomes you warmly to join the journey to understand how architecture connects human with universe, nature and enables to connect with higher planes of consciousness.

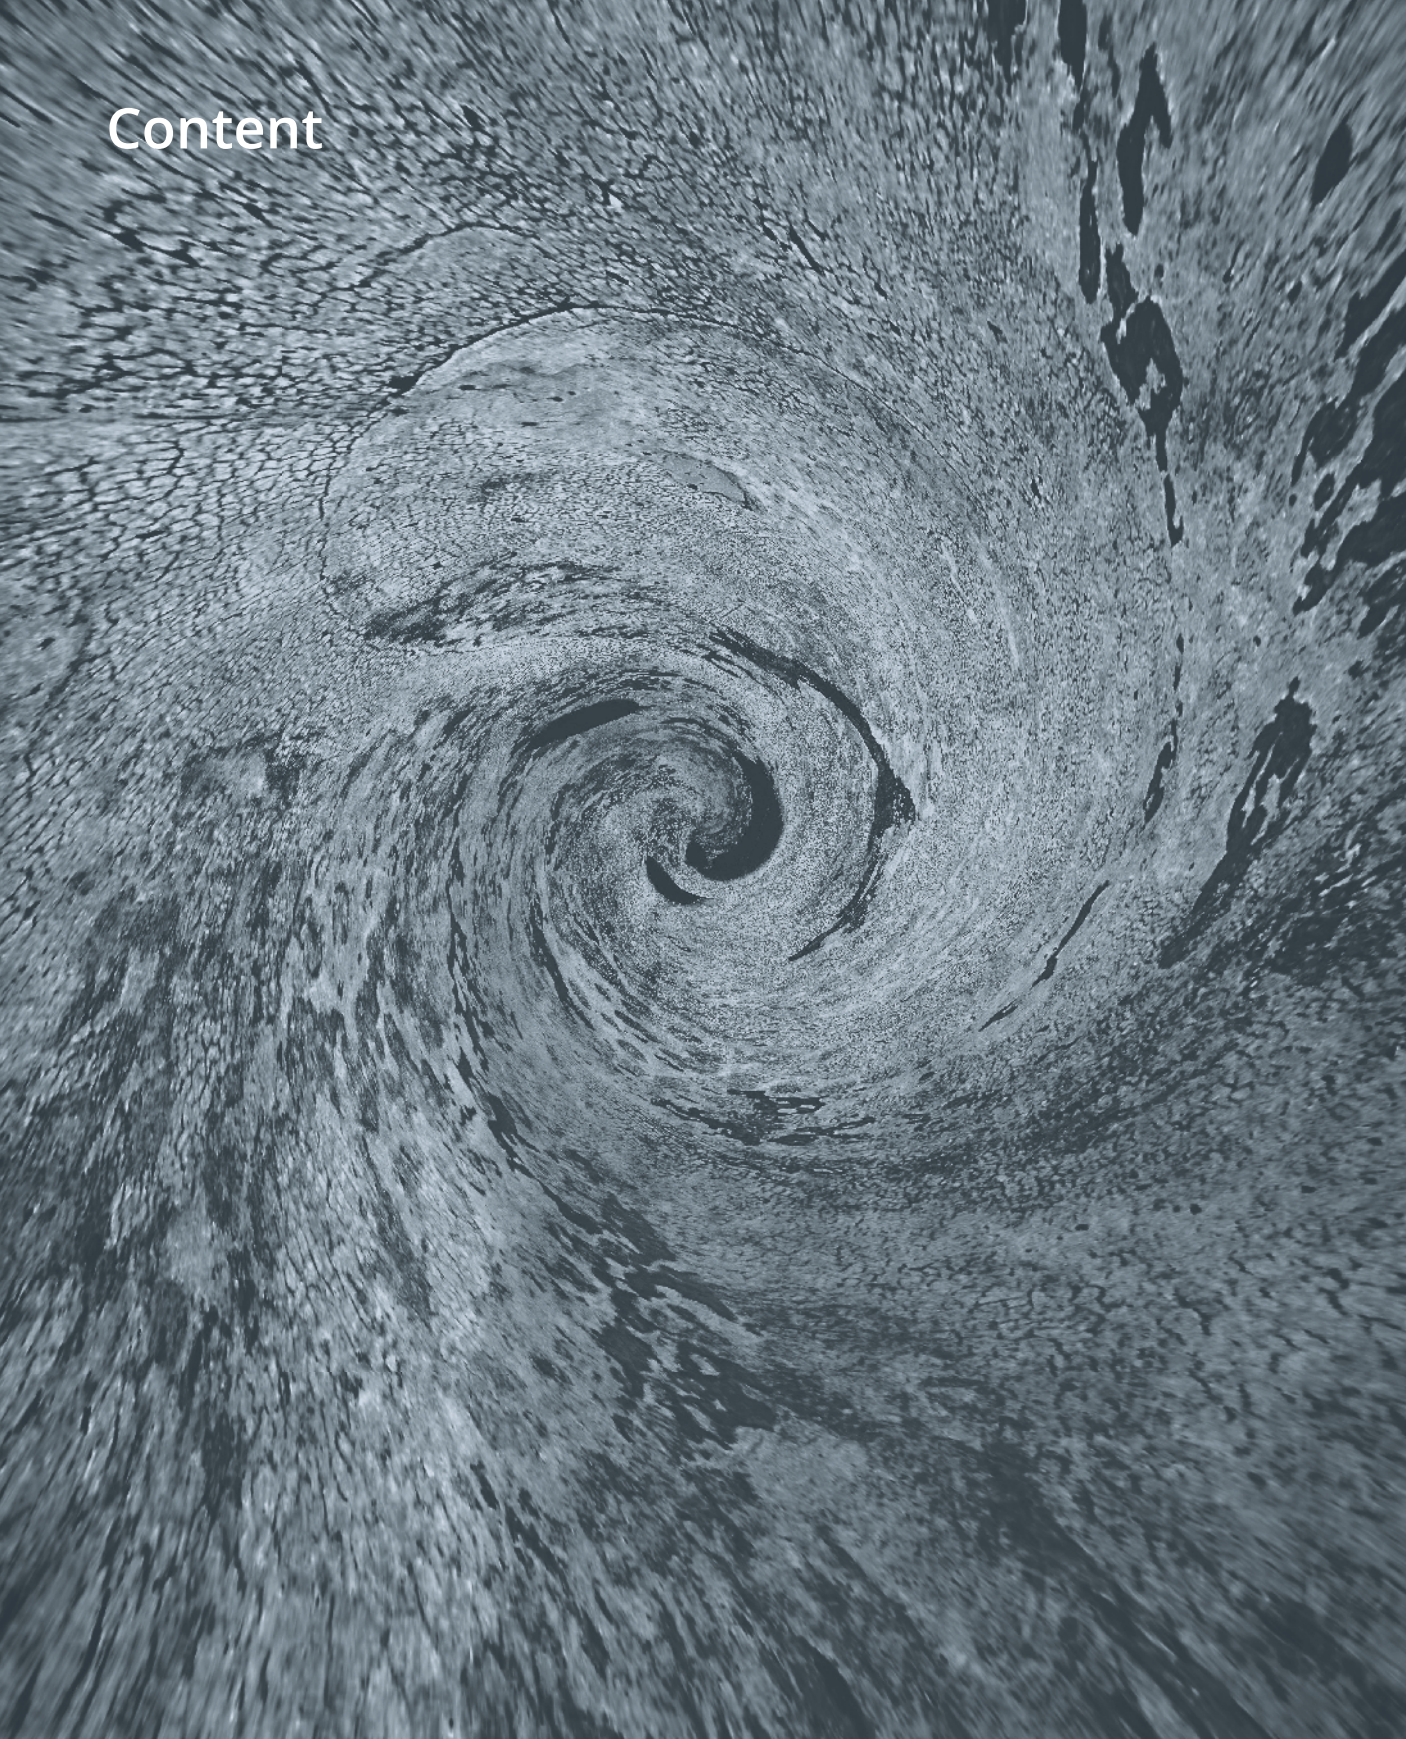

DODECAhedron is derived from the Greek word “dōdeka”

It means “12” and “hédra” means “face or seat” that shows that it is a polyhedron with 12 sides or 12 faces.

The Dodecahedron is one of the spaces along the spirals of your journey.
